Dear Parents,

Thank you so much for praying for me. I enjoyed Convention and learned a lot. I have brought the children some surprises and I know we will enjoy them.

We are taking our time with Chapter 3 in Math. We need to review our multiplication facts. I am encouraging my students to use their flash cards at home and practice. We will be playing speed games here in class for more points. The facts can be fun to memorize if we play games with them.

We have started our Research Report on our missions and we are learning much. Please remember that this project will all be done in class. I will purchase everything the children will need for their display boards but might ask you to help me purchase the Mission Kits. I gave them the option to choose the mission they want to study in detail, and they have chosen well. I am very proud of them!

We will have a Science Test for Chapter 5 on Thursday if we get the Study guide finished. If not, we'll have it the week after. No stress!!!

Grandparents' Day is Friday and we will be working on our wooden kits. We will also have refreshments in the classroom instead of outside. I will do my best to make it very special for all our guests.

Also, I'm encouraging the children to participate in the attached writing contest. I really think they have much to share and will be a great challenge for them, especially since we are learning our writing skills. It will be great for them to be recognized. It is not mandatory. It is just another opportunity for them to shine.

Again, thanks for making this year a wonderful one in Christ. You are all amazing parents and I can see it in your children.

With much love,
Mrs. G.
