There are now 414 Common Application members in 44 states and the District of Columbia, as well as in Germany and Italy. They represent an enormously diverse variety of institutions: small and large, public and private, coed and single-sex, highly selective and relatively open enrollment. However, they all share a commitment to the mission of promoting access through holistic admission.

HOW DO I GET HELP?

If you are experiencing technical difficulties with the Common App Online, if you need to request your username or password, or if you have a general question about the Common Application (including access to our numerous FAQs), please submit a request to the online Support Center. All email you receive from technical support will be sent from appsupport@commonapp.net. Please be sure to add this email address to your address book and/or safe list to prevent the messages from being blocked as "SPAM." This is particularly important for AOL users.

IS PHONE SUPPORT AVAILABLE?

No. In order to maintain the Common App Online as a free service to students and high schools, all tech support is provided via a much more cost-efficient email system.

- **Applicants:** Please [click here](#) to access the Application Support Center. Please do NOT submit support requests on behalf of a school official; the school official should submit those directly in order to avoid confusion and speed the resolution of problems.
- **School Officials (counselor/teachers):** Please [click here](#) to access the School Official Support Center. Please do NOT submit support requests on behalf of a student; the student should submit those directly in order to avoid confusion and speed the resolution of problems.

TIPS FOR COMPLETING THE COMMON APP ONLINE**WHAT BROWSER SHOULD I USE?**

PC (Windows XP/Vista/7)

- Internet Explorer 6 or higher
- Firefox 3 or higher

Mac (OS X Tiger / Leopard / Snow Leopard)

- Safari 3.1 or higher

While the majority of features will work with other browsers, we cannot guarantee complete compatibility or offer support for other browsers. Users have reported significant issues with the following browsers, and we do not recommend you use them:

- Google Chrome
- AOL browser

Regardless of browser, please make sure the following browser settings are correct:

- Javascript must be enabled.
- Cookies must be enabled.
- Popup blockers must be disabled.

HOW CAN I PREVENT MY SPAM FILTER FROM BLOCKING COMMON APP EMAILS?

All email you receive from technical support will be sent from 'appsupport@commonapp.net'. Please be sure to add this email address to your address book and/or safe list to prevent the messages from being blocked as "SPAM." This is particularly important for AOL users.

DO YOU HAVE ANY TIPS FOR VIEWING AND SUBMITTING ONLINE?

- Save your work often.
- Logout after each session.
- Use a word processor to type your writing samples before cutting and pasting or uploading them into the online forms.
- Use Print Previews to view your forms before submitting. (You will need to install Adobe Acrobat Reader. It's free.)

First-Time Applicants to Biola

A first-time student is one who will be attending a college or university for the first time. To apply to Biola as a first-time student, follow the steps below.

Steps to Apply

1. Complete and submit your official application for admission. Every advantage goes to the early applicant, and late applications are charged a non-refundable \$55 application fee.
2. Submit a non-refundable \$45 application fee to Biola University.* If applying online, you may submit the fee by credit card. Otherwise, please send a check or money order with the student's name on the check to the address below.
3. Submit an official transcript from each high school attended, current through the time of application. Transcripts will be considered official only when sent directly from the institution to Biola via the address below. Final official transcripts must be submitted upon completion of course of study and must include graduation date.

Note: Homeschool students and international students have special instructions for high school transcripts.

4. Submit your scores from the SAT (Code 4017) or ACT (Code 0172). The SAT or ACT is required of all applicants except those who are transferring in from another school.
5. Submit a reference form from a member of the pastoral staff of your church that supports your Christian testimony. In addition, you have the option to submit a reference from a high school teacher, counselor, or a college instructor that attests to your academic ability. Both references should be provided by persons outside of your own family and be sent to the address below.

* Biola will accept the College Board fee waiver or appropriate letter verifying family financial hardship.

Biola Admissions Office Mailing Address

Office of Admissions
Biola University
13800 Biola Avenue
La Mirada, CA 90639

Admission Requirements

- The student must be an evangelical believer in the Christian faith.
- The student must have at least a 3.0 unweighted high school GPA.

Note: The average unweighted high school GPA for incoming freshmen at Biola is 3.52.

- The student must have at least a 920 Critical Reading / Math score on the SAT, or a Composite 19 score on the ACT.

Note: The average Critical Reading / Math SAT score for incoming freshmen at Biola is 1,123. The average Composite ACT score is 23.

- The student must have graduated from high school or earned an equivalent degree (GED). The following is a *recommended* high school curriculum:
 - 4 years of English
 - 3 years of Mathematics
 - 2-4 years of Foreign Language
 - 2 years of Science
 - 2 years of Social Science

Note: Elective courses in fine arts and PE are encouraged. Prospective nursing candidates must have one year each of chemistry and algebra. Biology majors must have one year each of chemistry and physics.

Deficiencies in the student's high school curriculum may be made up while at Biola. Homeschool students and international students have an adjusted standard in this area.

Application Deadlines

To qualify for an application deadline, all materials must be received in the Admissions Office by the appropriate deadline date. If a student qualifies for a specific application deadline, they will be notified of admission by the corresponding notification date.

USE OF INFORMATION

Personal identity information (name, social security number, street address, and telephone number) and test scores will not be released to any agency outside of the Department of Defense (DoD), the Armed Forces, the Coast Guard, and your school. Your school or local school system can determine any further release of information. The DoD will use your scores for recruiting and research purposes for up to two years. After that the information will be used by the DoD for research purposes only.

MILITARY ENTRANCE SCORES

The Military Entrance Score (also called AFQT, which stands for the Armed Forces Qualification Test) is the score used to determine your qualifications for entry into any branch of the United States Armed Forces or the Coast Guard. The Military Entrance Score predicts in a general way how well you might do in training and on the job in military occupations. Your score reflects your standing compared to American men and women 18 to 23 years of age.

EXPLANATION OF YOUR ASVAB PERCENTILE SCORES

Your ASVAB results are reported as percentile scores in the three highlighted columns to the left of the graph. Percentile scores show how you compare to other students - males and females, and for all students - in your grade. For example, a percentile score of 65 for an 11th grade female would mean she scored the same or better than 65 out of every 100 females in the 11th grade.

For purposes of career planning, knowing your relative standing in these comparison groups is important. Being male or female does not limit your career or educational choices. There are noticeable differences in how men and women score in some areas. Viewing your scores in light of your relative standing both to men and women may encourage you to explore areas that you might otherwise overlook.

You can use the Career Exploration Scores to evaluate your knowledge and skills in three general areas (Verbal, Math, and Science and Technical Skills). You can use the ASVAB Test Scores to gather information on specific skill areas. Together, these scores provide a snapshot of your current knowledge and skills. This information will help you develop and review your career goals and plans.

EXPLANATION OF YOUR ASVAB STANDARD SCORES

Your ASVAB results are reported as standard scores in the above graph. Your score on each test is identified by the "X" in the corresponding bar graph. You should view these scores as estimates of your true skill level in that area. If you took the test again, you probably would receive a somewhat different score. Many things, such as how you were feeling during testing, contribute to this difference. This difference is shown with gray score bands in the graph of your results. Your standard scores are based on the ASVAB tests and composites based on your grade level.

The score bands provide a way to identify some of your strengths. Overlapping score bands mean your true skill level is similar in both areas, so the real difference between specific scores might not be meaningful. If the score bands do not overlap, you probably are stronger in the area that has the higher score band.

The ASVAB is an aptitude test. It is neither an absolute measure of your skills and abilities nor a perfect predictor of your success or failure. A high score does not guarantee success, and a low score does not guarantee failure, in a future educational program or occupation. For example, if you have never worked with shop equipment or cars, you may not be familiar with the terms and concepts

assessed by the Auto and Shop Information test. Taking a course or obtaining a part-time job in this area would increase your knowledge and improve your score if you were to take it again.

USING ASVAB RESULTS IN CAREER EXPLORATION

Your career and educational plans may change over time as you gain more experience and learn more about your interests. *Exploring Careers: The ASVAB Career Exploration Guide* can help you learn more about yourself and the world of work, to identify and explore potential goals, and develop an effective strategy to realize your goals. The *Guide* will help you identify occupations in line with your interests and skills. As you explore potentially satisfying careers, you will develop your career exploration and planning skills.

Meanwhile, your ASVAB results can help you in making well-informed choices about future high school courses.

We encourage you to discuss your ASVAB results with a teacher, counselor, parent, family member or other interested adult. These individuals can help you to view your ASVAB results in light of other important information, such as your interests, school grades, motivation, and personal goals.
