OUR MISSION

Vacaville Christian Schools exist to provide, in partnership with home and church, a distinctive, Christ-centered education in a nurturing environment that equips young people to excel in life and in service to Jesus Christ.

ACCREDITATION / LICENSING

VCS Early Education Department maintains the State of California Community Care Licensing Division license.

OUR CAMPUS

We enjoy a beautiful, 26-acre campus in Vacaville, CA. Our Early Education Department is comprised of three age levels: Young Preschool, Older Preschool and Kindergarten Readiness, and our playgrounds are age appropriate, offering a variety of play equipment to promote strong physical development and exploration of God's creation.

OUR FACULTY

Our faculty is comprised of highly qualified and dedicated Christian educators who are committed to VCS's written philosophy, mission, vision, and core values. They engage in ongoing professional development that promotes sustained growth for themselves, their students, and for VCS's academic programs as a whole.

SPIRITUAL EMPHASIS

We believe that children are a gift, designed by God to be internally motivated to learn. With that perspective, we honor the individual differences of each child, allowing each the opportunity to learn and develop needed skills for life at his or her own pace. Daily, our students are taught a Biblical worldview with the Bible being the authority on morality. We nurture this learning by integrating Biblical principals throughout our curriculum. We enjoy weekly Chapel services in our classrooms and monthly services at the neighboring church's auditorium.

PROGRAMS

Our classroom ratios meet state regulations in each program and we strive to create an environment where children feel valued and secure. We also emphasize quality communication between teachers and parents in planning appropriately for the needs of each child. When children feel safe and are given the opportunity to explore their world through thoughtfully planned activities based on their development, their learning is enhanced.

In our Preschool and Kindergarten Readiness Programs, teachers partner with parents and are committed to helping our children reach their full potential spiritually, academically, emotionally, physically, and socially, positioning them to excel in elementary school and beyond.

ASSESSMENTS

The purpose of assessments is for teachers to gain knowledge of their students' strengths and to communicate with parents how their child is progressing in school. Assessments help guide our curriculum goals and planning, and enable us to meet the individual needs of every child in our program.

VCEE SCHOOL / COMMUNITY EVENTS

- Grandparents Day
- Field Trips
- Department Performances
- Pastor Appreciation Day
- Heritage Day
- HS Homecoming Parade
- Mission Solano "Toys for Tots" and canned food drives
